

Joint Scientific Research Project Funding Scheme (In Progress)

Project No.	Project Title	Project Leader
<u>2017</u>		
002/2017/AFJ	CO ₂ Reduction of CO ₂ into energy products through Electro- and Photo- Catalysts using nanoporous functional materials	Wei Zhang
015/2017/AFJ	CTABKAcPx ₄ 45E Chemical biology study on the mechanisms and substance basis responsible for “Guiding Medicinal Herb Uplink” action of the roots of Platycodon grandiflorum	Zhi-Hong Jiang

0056/2020/AFJ	Precise prediction of disease-gene-drug network relationship based on biomedical big data	Yong Liang
